

find out what your parents, students + staff really think with a suite of online survey tools

School Results Surveys (powered by cloud-based systems provider MYP) is a suite of affordable, online survey tools which have been specifically designed to effectively and easily gather feedback from your parents, students and staff.

Optional school/centre/diocese branding

Unlimited number of respondents

Easy set up + automated emails track survey progress

Automated reminders ensure high participation rate

Graphical reports are immediately available on survey completion

Surveys are accessible on any device

A range of surveys are available to suit the needs of your school, early learning centre or diocese/school group:

- General parent
- General student
- General staff
- Final year exit (parent + student)
- General exit (parent + student)
- Customised surveys (e.g. anti-bullying)

All surveys are simple to set up and use, and engage unlimited respondents.

Completely tailored survey programs are also available for diocese/school groups from as little as \$100 (+GST) per school.

A range of high quality graphical reports are

immediately downloadable on survey completion, including:

- Comprehensive reports
- Open response keyword reports
- School comparison reports
- Inter-school comparison reports
- + more

The comprehensive respondent data can be utilised in statutory reporting, as well as to drive your school's marketing initiatives and strategic planning.

find out why almost 1,000,000 surveys have been completed!

"The adoption of the MYP customised School Results Surveys has been instrumental in providing our system of schools with comprehensive feedback from stakeholders. The MYP team were highly professional, proactive, responsive and supportive when working with our schools. The response rates are much improved and the reports easy to interpret."

Sally Towns
Director School Development, Secondary
Catholic Education Services - Diocese of Cairns

"The assistance we received from MYP Corporation throughout the survey process was excellent and made a significant difference for us in planning and implementing the survey. With this assistance, we have found the process to be very stress free and easy to follow. Having help available at any time was pleasing. Managing the survey process proved quite easy once it was underway and the final report was easy to follow but contained a wealth of information which has proven to be very useful. We would not hesitate to recommend this survey process."

Rob Crabbe
Principal
Capel Primary School

"MLC School implemented both the SRS Final Year Exit Surveys and General Exit Surveys last year and again this year to improve our connection with departing families and enable the School to evaluate our parents' experience. The team at MYP assisted us with the set up and the implementation was very easy. I asked for some customisation to the survey instrument, which was actioned swiftly and effectively. Running the surveys is a simple process and has allowed us sound insight to feed back to relevant internal stakeholders."

Michele Dunn
Head of Marketing & Community Relations
MLC School
